Welcome back to the start of a new swimming season at East Otago Community pool. Our community is very fortunate to have such a huge asset in the community, whilst so many other communities have lost their community pool. We would encourage our community to support the hire of pool keys this season to ensure the continuation of it's availability

We have been offered an opportunity to set up swimming lessons this season and would appreciate your time to complete a quick survey and return to East Otago High School to ensure this is viable.

1. Would your child/ren be interested in attending swimming lessons at East Otago Community Pool? Y / N  
if yes how many? \_\_\_\_\_ and ages \_\_\_\_\_
2. Would you be interested in training as a swimming coach? Y / N
3. Would there be a preferred day of the week you would support swimming lessons?
